

South Hill School PTA - 2023-2024

We are delighted to announce that on Friday 20th of October, we had enough parent support to ensure that we have a PTA for this academic year! Becky Berry was re-elected as chair with Hannah Gorringer being re-elected as secretary. Gillian Kerr has agreed to be treasurer for this year too. We also have parent helpers, which is great news. Nicola Sisulu has also been elected on our PTA!

The PTA (Parent Teacher Association) run many lovely events for our pupils and parents and help raise money for new school projects which benefit our school.

Projects from the PTA 2023-2024

1) The Garden Project

Before

After

Mrs Albery led this project over the summer holidays. With both staff and public helpers, an area of our school has been transformed. The PTA funded this project.

2) The Design and Technology Room

Before

Work being undertaken

Work is currently underway with money raised last year to re-vamp our Design and Technology room. This is so our pupils have a more purposeful learning area when they do design projects. It will also provide a better space for cooking which is part of the DT curriculum!

Other possible 'wish list' Projects funded by the PTA this year:

- 3) A tyre amphitheatre in the school grounds
- 4) The South Hill Way painted in the school hall
- 5) Sheds for outside storage
- 6) New Playground Equipment
- 7) Daily Mile Markers
- 8) Books for pupils

We thank our new PTA and look forward to the year ahead!
