Dear Parent/Carer

Class Website Pages: Your child's Learning Journey

Our **school website** is full of useful information to help parents know what their child is learning. We would like to highlight some of this information with you so that you can support your child and become familiar with their curriculum. Please visit our website <https://www.southhill.herts.sch.uk/> and go to the tab that says 'Class Pages', and scroll down to your child's year group.

You will see a **Yearly Overview**. This shows an overview of all of the subjects and what the pupils will be learning in those subjects.

You will also see expectations for the subjects of Maths and English in the year group as well as questions to support when listening to your child read. There is also a list of key spellings for the year group.

The class page also has **Knowledge Organisers** for our foundation subjects (History, Geography, Science, Art, DT, etc.).

Our South Hill School **Knowledge Organisers** are an excellent resource for parents to engage with and support their child's learning. They allow parents to explore learning with their child and open up conversations. Please take a look at these and ask your child questions about them.

We hope you find these resources valuable and useful for you to support your child's learning.

Best wishes
J Wellbelove
Headteacher
