

Citizen Advice Dacorum – Local Advice Service

The team at Citizens Advice Dacorum are pleased to be working with the Healthy Hub Dacorum again, to provide free, confidential and impartial advice to help residents find a way forward, whatever problem they face.

People come to them with all sorts of issues. During this cost of living crisis, you may have money, benefit, debt, housing, family or employment problems or you may be facing a crisis of some kind. They can provide advice and support on what your options may be and help you with next steps to move forward.

You can be referred to them via Healthy Hub at the South Hill Centre on Tuesdays or Fridays or contact our Adviceline on 0800 144 8848.

After the initial phone call with an adviser, they can offer face to face and telephone appointments locally if needed.

Citizens Advice Dacorum are an independent local charity, part of the national Citizens Advice. They value diversity, promote equality and challenge discrimination wherever they see it.
