

Pupil Voice - School Council Meeting. 16.11.21.

- **Focus Question: What would you like at South Hill School to support Friendship?**
 - Teachers to notice/praise and reward caring behaviour.
 - Regular circle time to support friendships.
 - The School Council would like to see more buddies introduced to support friendships. Currently, we have buddies for Year 6 and Year R. However, could Year 1 and Year 2, be supported by Year 5 and Year 4 children?
 - Provide time to complete work in class and play with others so that we can make new friends.
- **Focus Question: How can we improve friendships at South Hill School?**
 - More friendship benches.
 - An outdoor library with cushions and soft music.
 - A quiet area for talking.
 - Provide more lunchtime clubs.
- **Focus Question: Do you see people showing these qualities at South Hill School?**
 - Yes, we see many friends showing these qualities through acts of kindness and consideration to others. In addition, showing respect to others who are going through a hard time. Also, support when our friends are sad. Finally telling an adult if they are still sad and we cannot resolve it.
